- Represents zero events.

¹ 'Not Stated' as to weeks of gestation categories, includes not only those not stated, but also 280 live births of less than 17 weeks gestation and 1,362 live births of 53 weeks or more gestation. These categories reflect reporting inaccuracies rather than actual gestation periods.

Note: Beginning with the 2000 data, race reporting changed to allow the reporting of up to three races. The race groups on this table generally correspond to the first listed race. The effect of this change in reporting race and in compiling race groups may not be clear for a few years, so trends should be viewed with caution. See Vital Statistics of California, Chapter 6.
